

SEDLSCOMBE NEIGHBOURHOOD PLAN - POLICE COMMENTS - August 2013

Police Comments on Sedlescombe

Answers to questions posed below.

1. Parking around the school and speed are the main problems in the village. Speedwatch has been set up in the village and volunteers have now been trained. Additional patrols at school time and some extra signage will be used.

Any additional traffic flow in Brede Lane will increase this problem.
Anti Social Behaviour is at a very low level .

2. The Street is the main issue for speed although reports have been received from residents in Brede Lane of excess speed.

The parking issues are mainly around the school and are specific to drop off and pick up times.

ASB is generally centred around East View Terrace.

3. An increase in traffic using the Brede Lane would cause additional issues at school pickup and drop off times.
